Re: Annual Certification of Eligible Telecommunication Carriers
(ETCs) for Eligibility to Receive Federal High-Cost Fund
Support

05-GF-135

CC Docket No. 96-45

Dear Ms. Dortch and Ms. Majcher:

The Federal Communications Commission (FCC) requires that state commissions must file an annual certification with Universal Service Administrative Company (USAC) and the FCC stating that all federal high-cost fund (HCF) support provided to carriers in their respective states will be used only for the intended purposes.¹

As in previous years, the Commission requested and received sworn affidavits from the carriers identified in the enclosed list. The list identifies the name and study area as identified by USAC. All Eligible Telecommunications Carriers (ETCs) receiving or projected to receive HCF support in the first quarter of 2012 have submitted affidavits. In addition, this year ETCs receiving HCF support were requested to provide information regarding the amount of support and its use. All ETCs that receive HCF support also provided information supporting the statements in their affidavits regarding their use of current and projected HCF support.

In its sworn affidavit, each carrier states, among other things:

4. Carrier files this affidavit in compliance with the Federal Communications Commission's order of May 23, 2001, in Docket No. 96-45, which requires states to certify to the Federal Communications Commission that all Federal High-Cost Support within this state be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.
5. Carrier hereby states that it will use the Federal High-Cost Support Funds only for the provision, maintenance, and upgrading of facilities and services for which the support is intended pursuant to § 254(e) of the Federal Telecommunications Act of 1996. If the Commission identifies situations where this statement is called into question, it will investigate and take corrective action as necessary.

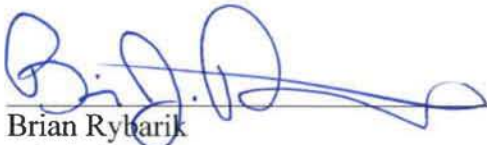

Relying on these sworn affidavits, and the additional information provided in support of those affidavits, the Commission certifies that all the federal HCF support funds received by the Wisconsin ETCs listed on the enclosure will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended pursuant to § 254(e) of the Federal Telecommunications Act of 1996.

The Commission has taken note of the FCC's revisions to the annual certification and reporting requirements for ETCs under its jurisdiction and that in its order the FCC encourages states to adopt these same requirements.² The Commission has issued a notice in rulemaking Docket No. 1-AC-198 addressing proposed rule changes to the Wisconsin Universal Service Fund. Those proposed rules now include updated provisions regarding ETC certification and reporting that closely conform to the FCC's current federal ETC requirements.

Questions regarding this matter may be directed to Jeff Richter, of our staff, at (608) 267-9624.
